Knutson to Introduce Water Levels Bill at Next Session of Congress

Seek Limit to Water Tapping

Congressman Harold Knutson promised here he would introduce a bill at the next session of congress asking for the establishment of minimum and maximum levels for Minnesota reservoir lakes and limiting the withdrawal of water from these lakes.

Knutson's statement was made at his appearance at the directors meeting of the Minnesota Lake Levels association Friday afternoon in the Chamber of Commerce at which time officers were elected and pledges made to "keep the pot boiling" in furtherance of the program formulated as the preservation of lakes so important to the welfare of the Brainerd lake region.

Commendation for his efforts already was expressed in a resolution by the directors thanking Congressman Knutson.

Officers, Directors Elected
Officers and directors named to carry on the work of the association were:

President—Frank Heywood, Minneapolis and Gull lake.
Vice President—Col. W. T. Mollison, Minneapolis.

Treasurer—Louis Knudsen, Brainerd.
Secretary—Frank Russell, Brainerd.
Directors—S. A. Adair, Louis Knudsen, Frank Russell, C. A. Ryan, Brainerd; F. T. Gustafson, Pequot; A. M. Hayes, McGregor; Frank Heywood, Minneapolis and Gull lake; A. A. Kater, Walker; Dr. B. W. Kelley, Aitkin; W. D. Stewart, St. Paul, State Game and Fish Commissioner; H. E. Wolfe, Deer River; H. E. Luetke, Cross lake.

Partial Battle Won

Regulations issued by the War Department in conformance with the appeal of the Lake Levels association was viewed by the directors as the principal factor in the maintenance of lake levels in the district this year.

Figures cited showed the following increases in levels over 1930: Gull lake, two feet; Whitefish, 10 feet; Sandy, seven feet. Leech and Winnibigoshish remained at the same water stage.

The war department endorsement of regulation measures for reservoir lakes this year and the placing of levels limiting the withdrawal on a par with the interests of navigation were looked upon as highly important to the welfare of the association and the lakes.

To Aaise Funds for Work

The directors voted to sponsor a campaign for funds to carry on the work. They realize that their mission is far from being reached and its program this fall and winter will principally pave the steps for congressional legislation.

BIG STONE COUNTY OFFICIALS MOVE TO AID TAXPAYERS

PROPOSAL MUST BE APPROVED BY STATE TAX COMMISSION

St. Paul, Minn., Oct. 10.—(U.P.)—G. J. Arnsen, chairman of the Minnesota State Tax Commission, today said that no county board could declare a moratorium on payment of taxes of suspension of penalties. He said that the only way possible to save taxpayers from non-payment penalties was through abatements, certified to the tax commission by either the county auditor or the county board.

Ortonville, Minn., Oct. 10.—(U.P.)—Big Stone county commissioners today moved to save taxpayers from penalties for non-payment of taxes due on November 1.

If the proposal is approved the state tax commission may put the plan into effect. The action is, in short, a two months moratorium on tax penalties. Under the present law all real estate owners who have not paid their taxes by Nov. 1 are charged a penalty of eight per cent which accrues from the first of the month. Under the plan devised by the Big Stone commissioners to aid farmers who have been hit by the double troubles of drought and a grasshopper plague, subject to final action by the state tax commission, this penalty would be removed in certain cases. The commissioners and the state group would have to grant their specific approval to the exemptions.

PREPARE CASES AGAINST EIGHT IN KIDNAPING PLOT

ALBERT A. ROBBINS, ONE OF GANG OF FIVE, SENTENCED TO 25 YEAR TERM

St. Paul, Oct. 10.—(U.P.)—With one man of a kidnaping gang of five sentenced to serve a 25 year term in state penitentiary, county officials today prepared to send eight other hoodlums to prison for two recent kidnapings.

Albert A. Robbins, who already faced a sentence on a conviction of fraud for the failure of the Ten Thousand Lakes Fur Farms Inc., pleaded guilty late yesterday to an indictment charging him with being the "finger man" in the kidnaping of Leon Gleckman, St. Paul politician. He was given a 25 year term in the state penitentiary. The maximum sentence was 30 years.

Meanwhile authorities sought Jack Ferriek, gunman and convicted dope peddler as the ring leader of a gang which kidnaped and tortured Morris Rutman, alleged bootlegger. Ferriek's wife and James E. Lynch, former guard at the Stillwater state prison, and Walter Earl, gunman, were being held. The county attorney's office will ask for their indictments Monday.

HOOVER CONSIDERS WAR DEBTS PHASE OF PLAN

Washington, Oct. 10.—(U.P.)—The next efforts to improve the domestic business situation are expected to deal with the railroads, according to indications today.

Administration officials have been considering the subject for several days. Decisions are being held up in expectation of the Interstate Commerce Commission's action on the pending application of the railroads for a fifteen per cent freight rate increase. Should the increase be granted, it might reduce the heavy pressure for direct action through some form of loan pool.

It was authoritatively learned today that President Hoover has several possible methods of meeting the railroad securities situation under consideration. He has not determined as yet upon any one plan. He is mainly concerned with safeguarding the investments of savings banks and insurance companies in that class of security.

The administration believes that the railroad issues will not be benefitted directly under the National Credit Corporation plan advanced this week. It is the president's desire to bring to those securities benefits similar to those which will be derived by others.

PLAN NATION-WIDE DEMONSTRATION IN OBSERVANCE OF MOONEY PARDON DAY

San Francisco, Oct. 10.—(U.P.)—From Exposition auditorium here, where 10,000 are expected to meet in a Mooney-day pardon convention, to a mass meeting in Boston Common, sympathizers today planned nation-wide observance of Tom Mooney Pardon Day Sunday.

Across the country, meetings were planned in the large cities in a new effort to arouse the nation to protest the asserted "Mooney-Billings travesty" and the continued imprisonment of Tom Mooney and Warren K. Billings in connection with the 1916 Preparedness day bombing here.

A letter sent President Hoover by the executive committee of the national bureau of education asking federal intervention in the case will be read at the convention here.

The letter read in part: "In 1916, California, as the result of a political conspiracy, instigated by certain interests opposed to the unionization of labor, sentenced Tom Mooney to death for a crime he never committed, and when that fact was clearly established, instead of reversing his conviction, simply commuted his sentence to life imprisonment.

"For over 15 years our administrations at Washington have stood aside and plead that our federal government could not interfere in what was clearly a prerogative of the state of California.

"But this excuse, sir, no longer exists—the Wickersham committee, a federal body appointed by yourself, has taken it upon itself to deal with the Mooney case and has characterized it in no uncertain terms as a gross miscarriage of justice.

"Do you, Mr. President, intend to ignore the report of your own committee and allow this unthinkable situation to continue?"

Where 90 School Children Were Hurt

This picture graphically illustrates the widespread damage done to the grade school at Boston, Ind., when a cyclone crushed in the roof over the heads of the youthful pupils. Ninety of the youngsters were injured by the crumbling roof and walls.

Three were hurt so severely they may die. Joseph Toney (right), student of the stricken school, although injured by a falling girder, pulled himself out of the debris and rescued several of his more unfortunate mates.

Beverly Hills, Calif., Oct. 9.—(U.P.)—Will Rogers, who would rather ride in an airplane than on the back of a pony, broke a long-standing record yesterday when he returned to his home by train.

The demand was regarded as a virtual ultimatum.

Edison, in Stupor, Recognizes No One

West Orange, N. J., Oct. 10.—(U.P.)—Thomas A. Edison continued in a stupor today, recognizing no one. He may possibly pass into the death coma within the day, his doctor advised.

The aged inventor, racked by weeks of illness, failed to recognize his children and his doctor today. Dr. Hubert A. Howe, the attending physician, said he might be able to recognize Mr. Edison but even that is doubtful. Edison gradually is growing weaker.

The death coma, Dr. Howe said, may come within 15 minutes or may be delayed until next week.

More than \$22,000,000,000 is outstanding in railroad securities. Railroad bonds are held in large quantities by savings banks and life insurance companies.

At the same time President Hoover is concerned with the problem of war debts, which are linked with the domestic situation especially through their effect on foreign credits held in America.

AIMEE MATCHES TEXAS GUINAN'S OFFER TO AID BOSTON'S JOBLESS

Boston, Oct. 10.—(U.P.)—Aimee Semple McPherson Hutton, evangelist, was to start her campaign to "bring the Bible back to Boston" tonight with a benefit performance for the jobless and with the whole-hearted support of Mayor James M. Curley.

Aimee visited the mayor with her husband yesterday and after he had wished her a happy birthday anniversary—it was her 39th, she said—she suggested she contribute one-half the profits of her Boston venture to this city's unemployed.

Aimee consented under the mayor's persuasion. He quoted the Bible in his cause and told of Texas Guinan's offer to share her profits with the jobless. He suggested that Aimee could hardly let Texas outdo her.

"It is better to give than to receive," said the mayor. He added that "it was our Divine Lord's own admonition to share with others."

It finally was decided that if Mayor Curley would visit the Garden each night and help take up the offering one-half the proceeds over and above \$2,600 expenses would be given to Boston's public welfare department.

Mayor Curley hastened to make the agreement binding by offering Corporation Counsel Samuel Silverman to draw up necessary papers.

The mayor presented the couple with an Irish shillelah which he told them had been a symbol of authority in Ireland for 700 years.

"Who gets it?" he asked, looking from Aimee to her husband. Aimee took it.

BIG STONE COUNTY OFFICIALS MOVE TO AID TAXPAYERS

PROPOSAL MUST BE APPROVED BY STATE TAX COMMISSION

St. Paul, Minn., Oct. 10.—(UP)—G. J. He said that the only way possible to save taxpayers from non-payment penalties was through abatements, certified to the tax commission by either the county auditor or the county board.

Ortonville, Minn., Oct. 10.—(UP)—Big Stone county commissioners today moved to save taxpayers from penalties for non-payment of taxes due on November 1.

If the proposal is approved the state tax commission may put the plan into effect. The action is, in short, a two months moratorium on tax penalties. Under the present law all real estate owners who have not paid their taxes by Nov. 1 are charged a penalty of eight per cent which accrues from the first of the month. Tokio, Oct. 10.—(UP)—China has demanded of Japan that her troops must be withdrawn from Manchuria at once, the council of the League of Nations was notified today.

Sir Eric Drummond, secretary general of the league, acting on China's request, informed the council that the Chinese minister at Tokio had notified the Japanese government that steps must be taken by Monday for immediate evacuation of Japanese troops and restoration of Chinese authority in Manchuria. The demand was regarded as a virtual ultimatum.

Geneva, Oct. 1.—(UP)—The League of Nations was assured today of cooperation of most of Europe's foreign ministers in its attempts to prevent war between Japan and China.

According to replies received today at the league secretariat diplomats who met Tuesday in emergency session of the league council will include foreign ministers Aristide Briand, France; Alejandro Lerroux, Spain; Lord Reading, Great Britain; Dino Grandi, Italy; August Zaleski, Poland; and perhaps foreign minister and chancellor, Heinrich Brüning, Germany.

The council planned to hear the latest declarations from Alfred Sze, Chinese minister to London, and Kenkichi Yoshizawa, Japanese ambassador to Paris, and then adjourn Wednesday so the diplomats may hold private conversations with the heads of the Chinese and Japanese delegations.

Tokio, Oct. 10.—(UP)—While America was considering action in the Manchurian crisis between China and Japan, the Tokyo government made known for the first time today the demands it will make before settling the conflict.

The communication said that Japan's demands probably will include acceptance by the Chinese or responsibility for the initial clash in Manchuria, immediately granting Japan the right to lease land for settlement and retaining existing territorial agreements in status quo until China is able to present "responsible authorities capable of negotiating a full settlement."

The communication closed with a demand that anti-Japanese sentiments be removed from Chinese schoolbooks, a step in the Tokyo campaign to break down resentment in China against Japan.

Washington, Oct. 10.—(UP)—The state department, thoroughly alarmed by the increasing tension between Japan and China in Manchuria, is expected to make some new move to insure peace. It was indicated Secretary Stimson may act today.

In informed quarters four possible methods of American action were outlined:

1. To send notes to Japan and China, admonishing them to expect their obligations under the Kellogg pact to maintain the peace.
2. To urge other powers to join with the United States in a multilateral note to Japan and China (or either) urging them to settle their dispute.
3. To summon the nine signatories of the Pacific pact of 1922 to advise together on ways to maintain peace.
4. To act in concert with the League of Nations on some move to prevent war.

Strong pressure is being exerted on both the state department and Chairman Borah of the senate foreign relations committee by Chinese in all parts of the world to obtain American intervention.

NEW JERSEY MOVES FOR RETURN OF BEER

MURRAY ORDERS REMOVAL OF LID IN OIL FIELDS

NO FLOOD OF OIL TO RESULT AS TROOPS WILL GUARD OPERATIONS

Oklahoma City, Oct. 10.—(UP)—The seven o'clock work whistle echoed across the 12-mile long Oklahoma City oil field today.

It was the signal for resumption of activities in the metropolis of derricks that have been stilled by the militia for 66 days in a spectacular campaign to stabilize Oklahoma's major industry.

Opening of Oklahoma's flush fields came with a rush. By 8:30 a. m. a line of motor trucks had swarmed over the field. At least 2,000 men signed payrolls. Six hundred wells were turned on the flow line.

"All men need have no fear of any flood of oil and we are seeing that each operator gets his proportionate share of the limited production," Col. Cicero I. Murray said.

Behind the officer was the authority of Gov. William H. (Alfalfa Bill) Murray. He closed the wells under martial law and kept them closed until a delegation of oil men, civic leaders and bankers convinced him the time was ripe for relinquishing the drastic curb.

He did not, however, relinquish military rule. Military supervision remains in force and will, the governor declared, clamp down again with troops should results be unsatisfactory.

"If you think I have given up my campaign for \$1 a barrel oil, you're silly," Murray said today as he gave the final touch to his opening order. "I didn't say specifically I would keep the wells bottled up until the price was established at a dollar. He did keep them closed until conditions righted themselves so that oil was worth a dollar and I think many oil men agree that price is justified now."

GAS EXPLOSION IN FRISCO HOTEL KILLS 3 PERSONS

STRUCTURE BECOMES RAGING MASS OF FLAMES AFTER TERRIFIC BLAST

San Francisco, Oct. 10.—(UP)—Three men were killed and a dozen persons injured today when an explosion of gas turned a four story hotel building into a raging mass of flames.

Charles Demage, 80, and an unidentified man were burned to death when trapped in the blazing structure. A man named Kordt was killed when he jumped from a fourth story window as firemen were rushing up a ladder to save him.

Preceded by a terrific explosion which firemen said probably was caused by an accumulation of gas, the fire broke out in the lobby of the brick plaster structure and quickly spread.

By the time fire companies had responded the hotel was enveloped in flames and screaming men and women were standing on the roof.

Albert Stadler, 40, a waiter also jumped to the street but escaped with a broken nose and lacerated face. Most of the others injured guests were overcome by smoke and were revived at police emergency hospitals.

John Mosarich, a tailor, received an injured ankle and severe lacerations when he was trampled trying to escape through the flames.

AIMEE MATCHES TEXAS GUINAN'S OFFER TO AID BOSTON'S JOBLESS

Boston, Oct. 10.—(UP)—Aimee Semple McPherson Hutton, evangelist, was to start her campaign to "bring the Bible back to Boston" tonight with a benefit performance for the jobless and with the whole-hearted support of Mayor James M. Curley.

Aimee visited the mayor with her husband yesterday and after he had wished her a happy birthday anniversary—it was her 39th, she said—she suggested she contribute one-half the profits of her Boston venture to this city's unemployed.

Aimee consented under the mayor's persuasion. He quoted the Bible in his cause and told of Texas Guinan's offer to share her profits with the jobless. He suggested that Aimee could hardly let Texas outdo her.

"It is better to give than to receive," said the mayor. He added that "it was our Divine Lord's own admonition to share with others."

It finally was decided that if Mayor Curley would visit the Garden each night and help take up the offering one-half the proceeds over and above \$2,600 expenses would be given to Boston's public welfare department.

Mayor Curley hastened to make the agreement binding by offering Corporation Counsel Samuel Silverman to draw up necessary papers.

The mayor presented the couple with an Irish shillelah which he told them had been a symbol of authority in Ireland for 700 years.

"Who gets it?" he asked, looking from Aimee to her husband. Aimee took it.

AITKIN-LANSFORD PAVING OPENED TO MOTORISTS TODAY

HIGHWAY PAVING, BRAINERD TO DULUTH, IS STATE'S PROGRAM

Motorists to Brainerd or Duluth over State Trunk Highway No. 2 travelled on new pavement today between Aitkin and Lansford.

The new paving is an important link in the Minnesota Highway Department's plan to create a concrete highway between Duluth and Brainerd and to effect a hard surface highway from Duluth to Fargo.

The paving program when completed will also provide a triangular concrete road since the highways between Minneapolis and Brainerd and Minneapolis and Duluth are already paved.

The weekly road bulletin states that gravel roads are generally good except where construction is in progress.

The bulletin further gives the following information, valuable to motorists planning trips to the southern part of the state:

"Trunk highway No. 20, which has been closed for construction from Rochester to the Iowa line all summer, is now open to traffic. The sections from Rochester to Chatfield and Fountain to Preston have been paved, and the newly graded sections from Chatfield to Fountain and Preston to the state line have been given a light oil treatment to carry traffic until they are closed for paving next year."

A human being laid off for lack of work, after the harrowing experience of endeavoring to find work, is never again as self-respecting and self-reliant as a human being as he was before—he has lost something that can never be replaced. —Gerard Swepe.

SATURDAY, OCTOBER 10, 1931

Congratulations First National--

Just a half-century ago—Brainerd was a "boom" town then, a business charged with the purpose and responsibility of dealing in gold exchange was born in Brainerd. It was not an auspicious beginning but its conception was based on principles that have enabled this institution to live, and, not only to exist but to expand and prosper until it is today known throughout the Northwest as one of the most substantial in the ranks. Long since, however, has gold exchange outlived the trend of the times.

Thus it is that the First National bank of Brainerd is commemorating its Golden Anniversary year. And, today it is celebrating its 50th birthday.

All Brainerd should take pride in recognizing the achievements of this pioneer institution. From meager deposits of about \$30,000, the First National bank has expanded until today—just fifty years after its organization—it boasts of deposits in excess of three million dollars.

It is only fitting that the people of Brainerd and Crow Wing county should acclaim this institution. It has occupied a prominent part in the development of this community and has, through the administration of its affairs by men of vision and character, commanded the respect and admiration of the entire banking industry of the Northwest.

To the president, George D. LaBar, and all the officers and all members of the staff, The Daily Dispatch wishes to offer congratulations. And, in doing this it believes it expresses the sentiments of the entire citizenry.

'Big Shot' Philosophy--

Historians of the future may very well speak of the present time as the Era of the Big Shot—referring not to any man or group of men but to a mental attitude.

Borrowed from the underworld, this little expression has crept into everyday use from one end of the country to the other. It is a handy thing. It fits the frame of mind we have evolved; a frame of mind in which we envy the successful man, and aspire to be like him, not because he is better than we are but because we want the money, the recognition and the fame that go with his position.

An example from the newspapers illustrates it.

In a large middle western city there was recently a man who had tired of his wife. He did not want her any longer, but he did want the \$2,000 or so for which her life had been insured. So he called in his nephew—a lad of 18—and the two of them cooked up a plot which ended in the woman's murder.

Presently they were arrested. They confessed; and the nephew, whose boastful talk among his friends concerning the exploit had led to their downfall, was deeply chagrined.

"I babbled everything and here I am in jail," he said sadly. "I thought I was a big shot. This is what I get for not keeping my mouth shut."

Not a word of remorse for the crime; not one note of sorrow that he could not erase the whole ugly business from existence. Just the shame at the realization that he had failed to become the big shot he thought himself—and self-disgust for having talked too freely!

That sort of thing, unluckily, isn't exactly uncommon. Similar stories have appeared before, and we shall be seeing more in the future. And the whole business is not simply a sidelight on the baseness of human nature; it is a reflection of our habit of showering fame and fortune on any man who has made a go of things, no matter what his line—on any big shot, crooked or honest, who manages to get his head above the level of the crowd.

It isn't only the vicious and the unprincipled who share in this habit. All of us have a part in it. We always tip our hat to a big shot. Is it any wonder that empty-headed youth now and then gets into a muddle over it?

President William Green's demand that the government withdraw tariff privileges from industries which cut their wage scales may not bear any particular fruit, but there is a chance that it will help to restore to political campaigns a historic issue that has recently been lost sight of—the tariff.

A generation ago campaign after campaign was waged almost solely on that issue. Free trade versus protection—the whole electorate joined in the argument, and the verbal battles were entertaining and, on the whole, instructive.

In late years, however, the issue became almost insignificant. Candidates and platforms tended to pussy-foot. They did it partly to avoid committing themselves and partly because they sensed that the public at large did not really care a great deal about the tariff one way or the other. If, now, the tariff again becomes a live issue, our political campaigns will at least look like those of the old days.

The "Today's Best News Story" column of the St. Cloud Times carried a press dispatch the other day that somehow makes the older generation scoff in derision. The story said that "Northwestern university of Evanston is going to open a love clinic with branches in both Evanston and Chicago. Couples contemplating marriage may take their troubles to the clinic and get a "stop" or "go" signal from the experts. Couples already married and wondering if they made a mistake will be given advice." Too bad the clinic wasn't thought of years ago.

In deference to a statement by Professor Charles G. Shaw, who was interpreted to have said that whistlers are morons, a church congregation in New York has announced that hymns will be whistled at the regular services. The pastor, in announcing the innovation, said, "I hope people whistle when they walk along the street. It expresses their joy and serves to counteract the depression."

To be a teacher in the Chicago schools, it appears that one must have unlimited patience and a fat pocketbook. The city is totally without money to pay its teachers. Like every other pursuit the profession of teaching is just not children's play either, it seems.

Organized labor has indicated that it will demand 2.75 per cent beer. Committeemen, however, indicated resolutions for outright repeal of the 18th amendment probably would be sidetracked.

Dropping Ballast!

Congratulations First National---

Just a half-century ago—Brainerd was a "boom" town then, a business charged with the purpose and responsibility of dealing in gold exchange was born in Brainerd. It was not an auspicious beginning but it's conception was based on principles that have enabled this institution to live, and, not only to exist but to expand and prosper until it is today known throughout the Northwest as one of the most substantial in the ranks. Long since, however, has gold exchange outlived the trend of the times.

Thus it is that the First National bank of Brainerd is commemorating its Golden Anniversary year. And, today it is celebrating its 50th birthday.

All Brainerd should take pride in recognizing the achievements of this pioneer institution. From meager deposits of about \$30,000, the First National bank has expanded until today—just fifty years after its organization—it boasts of deposits in excess of three million dollars.

It is only fitting that the people of Brainerd and Crow Wing county should acclaim this institution. It has occupied a prominent part in the development of this community and has, through the administration of its affairs by men of vision and character, commanded the respect and admiration of the entire banking industry of the Northwest.

To the president, George D. LaBar, and all the officers and all members of the staff, The Daily Dispatch wishes to offer congratulations. And, in doing this it believes it expresses the sentiments of the entire citizenry.

'Big Shot' Philosophy---

Historians of the future may very well speak of the present time as the Era of the Big Shot—referring not to any man or group of men but to a mental attitude.

Borrowed from the underworld, this little expression has crept into everyday use from one end of the country to the other. It is a handy thing. It fits the frame of mind we have evolved; a frame of mind in which we envy the successful man, and aspire to be like him, not because he is better than we are but because we want the money, the recognition and the fame that go with his position.

An example from the newspapers illustrates it.

In a large middle western city there was recently a man who had tired of his wife. He did not want her any longer, but he did want the \$2,000 or so for which her life had been insured. So he called in his nephew—a lad of 18—and the two of them cooked up a plot which ended in the woman's murder.

Presently they were arrested. They confessed; and the nephew, whose boastful talk among his friends concerning the exploit had led to their downfall, was deeply chagrined.

"I babbled everything and here I am in jail," he said sadly. "I thought I was a big shot. This is what I get for not keeping my mouth shut."

Not a word of remorse for the crime; not one note of sorrow that he could not erase the whole ugly business from existence. Just the shame at the realization that he had failed to become the big shot he thought himself—and self-disgust for having talked too freely!

That sort of thing, unluckily, isn't exactly uncommon. Similar stories have appeared before, and we shall be seeing more in the future. And the whole business is not simply a sidelight on the baseness of human nature; it is a reflection of our habit of showing-ering fame and fortune on any man who has made a go of things, no matter what his line—on any big shot, crooked or honest, who manages to get his head above the level of the crowd.

It isn't only the vicious and the unprincipled who share in this habit. All of us have a part in it. We always tip our hat to a big shot. Is it any wonder that empty-headed youth now and then gets into a muddle over it?

President William Green's demand that the government withdraw tariff privileges from industries which cut their wage scales may not bear any particular fruit, but there is a chance that it will help to restore to political campaigns a historic issue that has recently been lost sight of—the tariff.

A generation ago campaign after campaign was waged almost solely on that issue. Free trade versus protection—the whole electorate joined in the argument, and the verbal battles were entertaining and, on the whole, instructive.

In late years, however, the issue became almost insignificant. Candidates and platforms tended to pussy-foot. They did it partly to avoid committing themselves and partly because they sensed that the public at large did not really care a great deal about the tariff one way or the other. If, now, the tariff again becomes a live issue, our political campaigns will at least look like those of the old days.

The "Today's Best News Story" column of the St. Cloud Times carried a press dispatch the other day that somehow makes the older generation scoff in derision. The story said that "Northwestern university of Evanston is going to open a love clinic with branches in both Evanston and Chicago. Couples contemplating marriage may take their troubles to the clinic and get a "stop" or "go" signal from the experts. Couples already married and wondering if they made a mistake will be given advice." Too bad the clinic wasn't thought of years ago.

In deference to a statement by Professor Charles G. Shaw, who was interpreted to have said that whistlers are morons, a church congregation in New York has announced that hymns will be whistled at the regular services. The pastor, in announcing the innovation, said, "I hope people whistle when they walk along the street. It expresses their joy and serves to counteract the depression."

To be a teacher in the Chicago schools, it appears that one must have unlimited patience and a fat pocketbook. The city is totally without money to pay its teachers. Like every other pursuit the profession of teaching is just not children's play either, it seems.

Organized labor has indicated that it will demand 2.75 per cent beer. Committeemen, however, indicated resolutions for outright repeal of the 18th amendment probably would be sidetracked.

Dropping Ballast!

Crow Wing 4-H Clubs Get Ready for Livestock Show

WOMEN VOTERS HERE STUDY DISARMAMENT, UNEMPLOYMENT

LEAGUE SELECTS SUBJECTS, MAPS YEAR'S PROGRAM

BRAINERD GROUP TO ASK CITY WIDE AID TO PUT OVER PEACE RALLY

Subjects for study by the League of Women Voters in connection with their year's program were outlined as follows at a meeting at the home of Mrs. J. J. Cummins, 716 South Sixth street, Friday afternoon: Disarmament, unemployment, state income tax, county unit system for rural schools, direct primary (with suggested modifications).

Subjects to be worked for through congressional action are: world court, a federal maternity and infancy bill, the lame duck amendment, federal ownership or control of Muscle Shoals.

Plan Tea, Peace Rally
Definite plans were started for a tea the last of October with the new state president, Miss Ruth Mitchell, of St. Cloud as guest speaker.

Plans were also set on foot for a peace rally similar to those being held in the larger cities of the state. All the eluding organizations in the city will be asked to co-operate and secure an outstanding speaker for this occasion, November 16.

With such serious problems facing the voter in this year of the great depression, every woman should feel her responsibility to do some serious thinking along the lines suggested by the League's study program, was the trend of thought at the meeting.

The League is particularly anxious to reach new Brainerd residents who are civic minded. Any such can learn more about the League by calling the president, Mrs. M. W. Richards, or secretary, Mrs. C. A. Nelson, or the publicity chairman, Mrs. W. C. Cobb.

Her screams of pain brought Edward Stills who called police. Physicians said if Goldie recovers she will be a lifelong cripple.

Lindberghs Board Liner Bound for Seattle

Yokohama, Japan, Oct. 10.—(U.P.)—Col. and Mrs. Charles A. Lindbergh boarded the liner President Jefferson tonight after a hurried trip from Shanghai by boat and train. The Jefferson will sail for Seattle tomorrow morning.

Col. Lindbergh indicated that they may fly from Seattle to New York. The American visitors, hurrying home after receiving news of the death of Mrs. Lindbergh's father, Senator Dwight W. Morrow, were met at the railway station by the American charge d'affaires on their arrival from Nagasaki.

Trace of Payroll Robbers Fades in Milwaukee

Milwaukee, Wis., Oct. 10.—(U.P.)—Three bandits who held up two employees of the National Biscuit Co. and obtained a \$3,741 cash payroll were still at large today. Milwaukee detectives believe the men were Chicago underworld characters and notified southern Wisconsin and northern Illinois authorities to be on the lookout.

After grabbing a satchel containing the money from Fred Christ and Alfred Enters, the bandits fled in a sedan bearing Michigan license 539-445. This car was abandoned soon afterwards and the holdup men escaped in another machine which carried a University of Chicago football sticker.

League Finds Roosevelt as a "Real Liberal"

Sam E. Rork, an independent producer, announced after visiting Miss Bow at the Rex Bell ranch that she signed a contract to work for him in the one picture.

FIRST NATIONAL RECEPTION HAS COLORFUL NOTE

HUNDREDS OFFER CONGRATULATIONS; BUSINESS LEADERS WIRE COMPLIMENTS

Business leaders in the state today wired congratulations to the First National Bank of Brainerd while hundreds of Brainerd and county people personally extended their good wishes to bank officials and employees at the reception this afternoon in the lobby of the bank in celebration of the 50th year of service by the institution.

Among those telegraphing compliments were: George Prince, president play. One of these was particularly R. C. Lilly, president of the First National Bank, St. Paul; Charles Donnelly, president of the Northern Pacific railway; J. M. Hannaford, N. P. official at St. Paul; C. B. Brombach, vice president of the First National Bank, Minneapolis.

The lobby of the bank was artistically decorated, autumn leaves blending their colorings with those of yellow chrysanthemums, red roses, carnations.

Historic Strong Box
Various articles almost priceless in the memory of the bank were on display. One of these was particularly interesting to visitors. It was a safe used by the bank for 20 years to transport gold and silver to the Northern Pacific shops for the purpose of paying employees. A card on the strong box contained the statement that probably ten millions of dollars were carried in it during its period of usefulness. An inkstand that had been in constant use in the bank for 50 years was also displayed.

Friends of Geo. D. LaBar whose story of progress with the First National reads from bank clerk to president, noted with interest a childhood picture of the president. It was captioned "Geo. D. LaBar, some time before entering the service of the First National."

There was a note of sadness however in the fact that W. H. Cleary, one of the directors of the institution could not be present. Cleary is seriously ill at the St. Joseph's hospital.

A sign bearing only "1881-1931, 50 Years" pictured in its simplicity the progress of a great institution in the development of Brainerd and Crow Wing county.

Informality Prevails
A strictly informal note prevailed at the reception. Officers, directors and employees welcomed each visitor. Each lady received a rose while each man was given a cigar.

This morning about 1300 children were guests of the bank at a theatre party at the Paramount theatre.

A colorful feature of the reception was the cordiality expressed by five Brainerd ladies, attired in dress of the year 1881. They presented the guests with roses and cigars. The ladies thus serving on the reception committee were: Mrs. Eveleen Callies, Misses Elsie Schwabe, Esther Buckler, Edith Frost, Georgia Thompson.

The reception will conclude at 9 p. m. tonight. The doors will reopen in the evening at 7 o'clock.

WOMEN VOTERS HERE STUDY DISARMAMENT, UNEMPLOYMENT

LEAGUE SELECTS SUBJECTS, MAPS YEAR'S PROGRAM

BRAINERD GROUP TO ASK CITY WIDE AID TO PUT OVER PEACE RALLY

Subjects for study by the League of Women Voters in connection with their year's program were outlined as follows at a meeting at the home of Mrs. J. J. Cummins, 716 South Sixth street, Friday afternoon: Disarmament, unemployment, state income tax, county unit system for rural schools, direct primary (with suggested modifications).

Subjects to be worked for through congressional action are: world court, a federal maternity and infancy bill, the lame duck amendment, federal ownership or control of Muscle Shoals.

Plan Tea, Peace Rally
Definite plans were started for a tea the last of October with the new state president, Miss Ruth Mitchell, of St. Cloud as guest speaker.

Plans were also set on foot for a peace rally similar to those being held in the larger cities of the state. All the cladding organizations in the city will be asked to co-operate and secure an outstanding speaker for this occasion, November 18.

With such serious problems facing the voter in this year of the great depression, every woman should feel her responsibility to do some serious thinking along the lines suggested by the League's study program, was the trend of thought at the meeting.

The League is particularly anxious to reach new Brainerd residents who are civic minded. Any such can learn more about the League by calling the president, Mrs. M. W. Richards, or secretary, Mrs. C. A. Nelson, or the publicity chairman, Mrs. W. C. Cobb.

BURNED IN FALL INTO ASPHIT

Denver, Oct. 10.—(U.P.)—Four-year-old Goldie Highly dropped a penny she was playing with into the broken-down asphalt in the rear or her home.

She clambored up on the wall of the pit and thrust her hand into the live ashes. The pain was so terrific that Goldie lost her balance and fell feet first into the pile of hot ashes.

Her screams of pain brought Edward Stilts who called police. Physicians said if Goldie recovers she will be a lifelong cripple.

Lindberghs Board Liner Bound for Seattle

Yokohama, Japan, Oct. 10.—(U.P.)—Col. and Mrs. Charles A. Lindbergh boarded the liner President Jefferson tonight after a hurried trip from Shanghai by boat and train. The Jefferson will sail for Seattle tomorrow morning.

Col. Lindbergh indicated that they may fly from Seattle to New York.

The American visitors, hurrying home after receiving news of the death of Mrs. Lindbergh's father, Senator Dwight W. Morrow, were met at the railway station by the American charge d'affaires on their arrival from Nagasaki.

Trace of Payroll Robbers Fades in Milwaukee

Milwaukee, Wis., Oct. 10.—(U.P.)—Three bandits who held up two employees of the National Biscuit Co. and obtained a \$3,741 cash payroll were still at large today. Milwaukee detectives believe the men were Chicago underworld characters and notified southern Wisconsin and northern Illinois authorities to be on the lookout.

After grabbing a satchel containing the money from Fred Christ and Alfred Enters, the bandits fled in a sedan bearing Michigan license 539-445. This car was abandoned soon afterwards and the holdup men escaped in another machine which carried a University of Chicago football sticker.

League Finds Roosevelt as a "Real Liberal"

New York, Oct. 10.—(U.P.)—The League for Independent Political Action, now sounding out progressive leaders on the advisability of a third party movement, finds Governor Franklin D. Roosevelt of New York unsatisfactory as a "real liberal," according to the league's current news bulletin.

The bulletin describes Roosevelt as "the greatest obstacle to President Hoover and an out and out conservative like Owen D. Young."

CLARA BOW TO REMUME WORK

Hollywood, Oct. 9.—(U.P.)—Clara Bow will begin work Dec. 1 on a moving picture entitled "Get the Woman," which she hopes will give her a start back toward the high place she held in filmdom before illness and other misfortunes forced her into temporary retirement.

Sam E. Rork, an independent producer, announced after visiting Miss Bow at the Rex Bell ranch that she signed a contract to work for him in the one picture.

FIRST NATIONAL RECEPTION HAS COLORFUL NOTE

HUNDREDS OFFER CONGRATULATIONS; BUSINESS LEADERS WIRE COMPLIMENTS

Business leaders in the state today wired congratulations to the First National Bank of Brainerd while hundreds of Brainerd and county people personally extended their good wishes to bank officials and employees at the reception this afternoon in the lobby of the bank in celebration of the 50th year of service by the institution.

Among those telegraphing compliments were: George Prince, president play. One of these was particularly R. C. Lilly, president of the First National Bank, St. Paul; Charles Donnelly, president of the Northern Pacific railway; J. M. Hannaford, N. P. official at St. Paul; C. B. Brombach, vice president of the First National Bank, Minneapolis.

The lobby of the bank was artistically decorated, autumn leaves blending their colorings with those of yellow chrysanthemums, red roses, carnations.

Historic Strong Box

Various articles almost priceless in the memory of the bank were on display. One of these was particularly interesting to visitors. It was a safe used by the bank for 20 years to transport gold and silver to the Northern Pacific shops for the purpose of paying employees. A card on the strong box contained the statement that probably ten millions of dollars were carried in it during its period of usefulness. An inkstand that had been in constant use in the bank for 50 years was also displayed.

Friends of Geo. D. LaBar whose story of progress with the First National reads from bank clerk to president, noted with interest a childhood picture of the president. It was captioned "Geo. D. LaBar, some time before entering the service of the First National."

There was a note of sadness however in the fact that W. H. Cleary, one of the directors of the institution could not be present. Cleary is seriously ill at the St. Joseph's hospital.

A sign bearing only "1881-1931, 50 Years" pictured in its simplicity the progress of a great institution in the development of Brainerd and Crow Wing county.

Informality Prevails

A strictly informal note prevailed at the reception. Officers, directors and employees welcomed each visitor. Each lady received a rose while each man was given a cigar.

This morning about 1300 children were guests of the bank at a theatre party at the Paramount theatre.

A colorful feature of the reception was the cordiality expressed by five Brainerd ladies, attired in dress of the year 1881. They presented the guests with roses and cigars. The ladies thus serving on the reception committee were: Mrs. Eveleen Callies, Misses Eleise Schwabe, Esther Buckler, Edith Frost, Georgia Thompson.

The reception will conclude at 9 p. m. tonight. The doors will reopen in the evening at 7 o'clock.

WARRIORS TROUNCE STAPLES 24 TO 6 FOR THIRD STRAIGHT

FOSTER SCORES TWO TOUCHDOWNS; RUNS 60 YARDS FOR ONE

BOB WYGLE AND JACKSON TO RETURN TO LINEUP FOR AITKIN GAME

Elmer Foster scored two touchdowns for Brainerd, one on a 60 yard run on an intercepted pass, as the Brainerd high school Warriors hung up their third straight win of the season yesterday, defeating Staples high 24 to 6 at the latter's grounds.

The win evened matters with Staples in the record of games the past five years. Each team has won two games while the other game resulted in a tie.

Brainerd's fourth encounter of the season will be played next Friday at Aitkin.

Brainerd's victory was achieved minus the services of Bob Wygle, star of the Bemidji game and Jackson, Wygle was removed from the Bemidji clash with a sprained ankle while Jackson suffered injury to his back. Both are expected to be in the lineup against Aitkin.

With victory certain Coach Dammann sent in all his reserves in the closing minutes of the game.

Brainerd and Staples each took the ball over the goal line in the first quarter. Swanson caught a 30 yard pass from Joe Gabiou and raced 20 yards for a touchdown. The Staples touchdown came after a series of fake plays completed by a fake reverse and a line plunge on the fourth down that took the ball a few inches over the Brainerd goal. Hanson, left half back, carried the ball over.

After a series of line plunges and passes Foster carried the ball over for a touchdown for Brainerd in the second quarter.

Foster's 60 yard run was the sensational play of the game. He intercepted a pass, weaved through the opposition, eluded two tacklers and outraced three pursuers.

Brainerd's fourth touchdown came in the last five minutes of play when McPherson blocked a punt and Koeck fell on the ball back of the Staples goal line.

Brainerd's reserve power sent in near the close of the game brought the following changes in the lineup: Paine for Koering, Garvey for McPherson, Dahl for White, Stout for Gabiou, Smith for Foster, Englehart for Bedore, Koeck for Anderson, Edstrom for Tom Koeck.

The Brainerd lineup: McPherson, c.; Koeck, Anderson, guards; Bedore, Gerends; Gabiou, q.; White, Templeton, halves; Foster, fb.

DAMMANN, TAYLOR SCOUT AITKIN, ST. CLOUD GAME

DULUTH PLAYS C-L. WADENA DEFEATS PARKER PRAIRIE IN NIGHT GAME

Brainerd coaches, Bill Dammann and Ben Taylor, scouted the Aitkin-St. Cloud Cathedral game at Aitkin this afternoon in preparation for Brainerd's game with Aitkin next Friday at the latter's field.

St. Cloud Cathedral may be listed among Brainerd's games this season but the October 30 date here is tentative. In the event Brainerd does not meet Cathedral a practice game may be scheduled, possibly with Pequot.

Another important game in the district being played today is that at Crosby where the Rangers meet the Duluth Cathedral.

Wadena defeated Parker's Prairie last night at Wadena, and with the defeat of St. Cloud Tech-High by Little Falls yesterday, fans here today drew the following comparison of games this season:

Brainerd beat Wadena, Wadena beat Parkers Prairie, Parkers Prairie beat Alexandria, Alexandria beat Willmar, Willmar beat St. Cloud and the Falls beat St. Cloud.

BURLEIGH GRIMES IS STREETS CHOICE TO BRING SERIES PENNANT

St. Louis, Oct. 10.—(U.P.)—The world's baseball championship will be determined today when Connie Mack's freshly confident Philadelphia Athletics meet the now distracted St. Louis Cardinals.

Six times have these clubs faced each other since the world series of 1931 was inaugurated here one week ago last Wednesday, and each club has won three of the games.

The series moved into its final phase as a result of Philadelphia's 8 to 1 victory on Friday. Leading only to win that game to acquire the championship, the Cardinals were held

St. Louis, Oct. 10.—(U.P.)—World series statistics:

helpless by Robert M. Grove, tall left-hander of the Athletics, while Derringer, Johnson, Lindsey and Rhem, St. Louis pitchers, were willing before the Philadelphians.

Now the rivals are to meet in the seventh and decisive game. And the Athletics were the favorites to win and retain the title they won in 1929 and successfully defended last year.

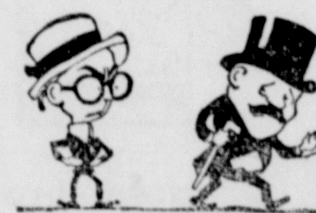

Gabby Street, Cardinals manager, has definitely said that he will start Burleigh Grimes, despite reports that Grimes has a lame throwing shoulder. Mack is almost certain to start Earnshaw, the towering right-hander of the Athletics staff.

It was Earnshaw who limited the Cards to six hits in the second game, which he lost, and who tied a series record by allowing but two hits in winning the fourth.

A record of eight hits in two games is something to point at with pride. It's a record, incidentally which can't be duplicated in this series.

Betting odds which have been right more than wrong have made the A's favorites to win today, and hence win the series. Latest odds show the A's quoted at 3 to 5, while the Cards were 6 to 5. That means that if you like the A's you wager five on them and win three if you're right. If you like the Cards five will get you six if the Cards win.

Today's game provided the big test for "Pepper" Martin, series star. After having hit safely in every game, equalling two batting records, and having become the national baseball hero, Martin failed utterly. It was only natural that the Pepper should have slumped eventually.

Sheeps' Milk May Replace Goats' for Babies

Milwaukee, Wis., Oct. 9.—(U.P.)—Experiments being conducted by Dr. J. B. Oesch, Carrollville chemist, work out as well as he expects, sheep milk may soon be used as a diet for babies.

Karakul sheep, the curly black-haired breed from the Bokhara desert, are being used in the experiments.

Tests so far have shown that under best conditions the milk of these imported sheep tests 15 per cent butter fat, Dr. Oesch explained. It is his opinion that the Karakul milk is more digestible than goat's milk, now the best to be had for babies.

California Town Split

Over Change in Name

Watsonville, Calif., Oct. 9.—(U.P.)—What's in a name?

Plenty, say residents of Watsonville, split into two battling and vociferous factions upon a proposal to change the name of this Pajaro Valley city for the sake of euphony. Pajaro, by the way, is pronounced Pa-ha-ro.

Newcomers favor a new name. They claim the name "Watsonville" carries an implication of their fair city being just a nick town, and want something done about it.

Older residents are strong in opposition.

Antoinette Deaton, whose grandfather was one of the city's founders, is leader of the opposition, while Mayor C. H. Baker is head of the name-changers.

Mrs. Deaton said: "Plough up the grass on the town plaza, close up the bootleggers, even—but change the name of Watsonville? Never!"

BURNETT'S ELEVEN SUBDUES RIVALS AFTER TEN YEARS, 13 TO 7

An indication of the strength of the Little Falls team and the opposition Brainerd may expect when the squad plays at the Falls October 23 is shown by the game yesterday at St. Cloud when Coach Burnett's eleven defeated St. Cloud Tech-High, 13 to 7. The latter team is coached by Warren Kasch, former Brainerd mentor.

The game was the fourth straight victory for the Falls team and the first time in ten years that the team defeated St. Cloud.

WARRIORS TROUNCE STAPLES 24 TO 6 FOR THIRD STRAIGHT

FOSTER SCORES TWO TOUCHDOWNS; RUNS 60 YARDS FOR ONE

BOB WYGLE AND JACKSON TO RETURN TO LINEUP FOR AITKIN GAME

Elmer Foster scored two touchdowns for Brainerd, one on a 60 yard run on an intercepted pass, as the Brainerd high school Warriors hung up their third straight win of the season yesterday, defeating Staples high 24 to 6 at the latter's grounds.

The win evened matters with Staples in the record of games the past five years. Each team has won two games while the other game resulted in a tie.

Brainerd's fourth encounter of the season will be played next Friday at Aitkin.

Brainerd's victory was achieved minus the services of Bob Wygle, star of the Bemidji game and Jackson, Wygle was removed from the Bemidji clash with a sprained ankle while Jackson suffered injury to his back. Both are expected to be in the lineup against Aitkin.

With victory certain Coach Dammann sent in all his reserves in the closing minutes of the game.

Brainerd and Staples each took the ball over the goal line in the first quarter. Swanson caught a 30 yard pass from Joe Gabiou and raced 20 yards for a touchdown. The Staples touchdown came after a series of fake plays completed by a fake reverse and a line plunge on the fourth down that took the ball a few inches over the Brainerd goal. Hanson, left half back, carried the ball over.

After a series of line plunges and passes Foster carried the ball over for a touchdown for Brainerd in the second quarter.

Foster's 60 yard run was the sensational play of the game. He intercepted a pass, weaved through the opposition, eluded two tacklers and outraced three pursuers.

Brainerd's fourth touchdown came in the last five minutes of play when McPherson blocked a punt and Koeck fell on the ball back of the Staples goal line.

Brainerd's reserve power sent in near the close of the game brought the following changes in the lineup: Paine for Koering, Garvey for McPherson, Dahl for White, Stout for Gabiou, Smith for Foster, Englehart for Bedore, Koeck for Anderson, Edstrom for Tom Koeck.

The Brainerd lineup: McPherson, c.; Koeck, Anderson, guards; Bedore, Gerends; Gabiou, g.; White, Templeton, halves; Foster, fb.

DAMMANN, TAYLOR SCOUT AITKIN, ST. CLOUD GAME

DULUTH PLAYS C.L. WADENA DEFEATS PARKER PRAIRIE IN NIGHT GAME

Brainerd coaches, Bill Dammann and Ben Taylor, scouted the Aitkin-St. Cloud Cathedral game at Aitkin this afternoon in preparation for Brainerd's game with Aitkin next Friday at the latter's field.

St. Cloud Cathedral may be listed among Brainerd's games this season but the October 30 date here is tentative. In the event Brainerd does not meet Cathedral a practice game may be scheduled, possibly with Pequot.

Another important game in the district being played today is that at Crosby where the Rangers meet the Duluth Cathedral.

Wadena defeated Parker's Prairie last night at Wadena, and with the defeat of St. Cloud Tech-High by Little Falls yesterday, fans here today drew the following comparison of games this season:

Brainerd beat Wadena, Wadena beat Parkers Prairie, Parkers Prairie beat Alexandria, Alexandria beat Willmar, Willmar beat St. Cloud and the Falls beat St. Cloud.

BURLEIGH GRIMES IS STREET'S CHOICE TO BRING SERIES PENNANT

St. Louis, Oct. 10.—(UP)—The world's baseball championship will be determined today when Connie Mack's freshly confident Philadelphia Athletics meet the now distracted St. Louis Cardinals.

Six times have these clubs faced each other since the world series of 1931 was inaugurated here one week ago last Wednesday, and each club has won three of the games.

The series moved into its final phase as a result of Philadelphia's 8 to 1 victory on Friday. Needing only to win that game to acquire the championship, the Cardinals were held

St. Louis, Oct. 10.—(UP)—World series statistics:			
Standing of the clubs:			
Teams	Won	Lost	Pct.
Cardinals	3	3	.500
Athletics	3	3	.500
Results of the games:			
First—Athletics 6; Cardinals 2.			
Second—Cardinals 2; Athletics 0.

Sixth—Athletics 8; Cardinals 1.			

helpless by Robert M. Grove, tall left-hander of the Athletics, while Derringer, Johnson, Lindsey and Rhem, St. Louis pitchers, were willing before the Philadelphians.

Now the rivals are to meet in the seventh and decisive game. And the Athletics were the favorites to win and retain the title they won in 1929 and successfully defended last year.

Gabby Street, Cardinals manager, has definitely that he will start Burleigh Grimes, despite reports that Grimes has a lame throwing shoulder. Mack is almost certain to start Earnshaw, the towering right-hander of the Athletics staff.

It was Earnshaw who limited the Cards to six hits in the second game, which he lost, and who tied a series record by allowing but two hits in winning the fourth.

A record of eight hits in two games is something to point at with pride. It's a record, incidentally which can't be duplicated in this series.

Betting odds which have been right more than wrong have made the A's favorites to win today, and hence win the series. Latest odds show the A's quoted at 3 to 5, while the Cards were 6 to 5. That means that if you like the A's you wager five on them and win three if you're right. If you like the Cards five will get you six if the Cards win.

Today's game provided the big test for "Pepper" Martin, series star. After having hit safely in every game, equalling two batting records, and having become the national baseball hero, Martin failed utterly. It was only natural that the Pepper should have slumped eventually.

"COMING"
Coming dear Lord, Thy promise sure
For all who patiently endure
Who look with longing loving eyes
Shall see Thee coming from the skies.
Chorus

Coming! some day—it may be seen—
To take us to our own dear home
Where thru Thy boundless love and grace,
We shall for ever see Thy face.

Who "watch and pray" thru life's dark way
Shall see Thee on that glorious day—
With all that sleep in Thee, shall use
O, what a meeting in the skies!
Chorus

The trump shall sound and all who hear
With Thee in glory, shall appear.
Free from all pain, all earthly strain
With Thee our Saviour, Thee "to reign."

When all earth's shadows flee away
O glorious day of victory!
With Thee our King Eternally.

"Are Sin, Disease, and Death Real?"
is the subject of the lesson-sermon which will be read in Christian Science churches everywhere on Sunday, October 11.

The Golden Text is: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (Psalms 67:1,2).

The following passage from the Bible is among the citations comprising the lesson-sermon: "Thou art of purer eyes than to behold evil, and canst not look on iniquity" (Habakkuk 1:13).

The lesson-sermon includes the following selection from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors—man who is made in the divine likeness?" (p. 356).

"COMING"
Coming dear Lord, Thy promise sure
For all who patiently endure
Who look with longing loving eyes
Shall see Thee coming from the skies.
Chorus
Coming! some day it may be seen—
To take us to our own dear home
Where thru Thy boundless love and grace,
We shall for ever see Thy face.

Who "watch and pray" thru life's dark way
Shall see Thee on that glorious day—
With all that sleep in Thee, shall use
O, what a meeting in the skies!
Chorus
The trumpet shall sound and all who hear
With Thee in glory, shall appear,
Free from all pain, all earthly strain
With Thee our Saviour, Thee "to reign."

O, who would miss that "Crowning Day."
When all earth's shadows flee away
O glorious day of victory!
With Thee our King Eternally.
JESSIE B. THABES.

"Are Sin, Disease, and Death Real?"
is the subject of the lesson-sermon which will be read in Christian Science churches everywhere on Sunday, October 11.
The Golden Text is: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (Psalms 67:1,2).
The following passage from the Bible is among the citations comprising the lesson-sermon: "Thou art of purer eyes than to behold evil, and canst not look on iniquity" (Habakkuk 1:13).
The lesson-sermon includes the following selection from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors—man who is made in the divine likeness?" (p. 356).
